

Commercial & Industrial Energy Efficiency Programs

Berkshire Gas offers eligible commercial and industrial customers incentives and rebates for the installation of high efficiency equipment through its GasNetworks® & Berkshire Gas Energy Efficiency Programs. In addition, Berkshire Gas offers a number of initiatives in conjunction with the Massachusetts Board of Building Regulations and Standards (BBRS), Berkshire Bank, equipment manufacturers and others.

ENERGY EFFICIENCY PROGRAM

Contact Information: 1-800-944-3212

For natural gas firm commercial & industrial customers, a walk-through energy audit is performed to identify opportunities to reduce gas consumption for space or water heating. A more detailed engineering analysis may be required for Berkshire Gas customers who use natural gas for industrial process applications. Berkshire Gas may contribute up to 50% toward the installation of program-approved energy saving measures identified during the audit, such as insulation and heating system upgrades. This co-payment helps reduce costs for making energy saving improvements, which may dramatically lower energy costs and improve the building's comfort level.

Berkshire Gas is a founding member of GasNetworks, a collaboration of natural gas utility companies, whose mission is to promote energy efficient technologies, create common energy efficiency programs, educate consumers and promote contractor training and awareness of ever-changing natural gas technologies.

Contact Information: For rebate application/brochures or more information call 1-800-944-3212 or visit www.gasnetworks.com

GasNetworks® Commercial & Industrial Energy Efficiency Programs:

- [Small C/I High Efficiency Heating Rebate Program](#)
- [Small C/I High Efficiency Water Heating Rebate Program](#)
- [C/I Infrared Heating Equipment Rebate Program](#)
- [ENERGY STAR® Thermostat Program](#)
- [Food Service Equipment Program](#)

SMALL C&I HIGH EFFICIENCY HEATING REBATE PROGRAM

Summary: Rebates are available for eligible C&I natural gas customers who purchase and install high efficiency natural gas heating equipment $\leq 300,000$ Btus

Eligible Equipment & Requirements:

- | | |
|---|----------------|
| • Furnaces $\geq 90\%$ AFUE rating | \$100 Rebate |
| • Furnaces $\geq 92\%$ AFUE rating (equipped with an ECM or equivalent) | \$400 Rebate |
| • Steam Boilers $\geq 82\%$ AFUE rating | \$200 Rebate |
| • Forced Hot Water Boilers $\geq 85\%$ AFUE rating | \$500 Rebate |
| • Forced Hot Water Boilers $\geq 90\%$ AFUE rating | \$1,000 Rebate |
| • Combined Boiler and Water Heating Unit $\geq 90\%$ AFUE rating | \$1,300 Rebate |

SMALL C/I HIGH EFFICIENCY WATER HEATING REBATE PROGRAM

Summary: A \$50 or \$300 rebate is available for C&I customers who purchase and install high efficiency natural gas water heating equipment

Eligible Equipment & Requirements:

- Indirect-fired storage tank models (30 to 75 gallons) that are connected to a natural gas heating system. \$300 Rebate
- Tankless, On-Demand models Minimum .82 Energy Factor (EF) and electronic ignition \$300 Rebate
- Energy Star®-Rated Storage Water Heater Minimum .62 Energy Factor (EF) \$50 Rebate

COMMERCIAL AND INDUSTRIAL INFRARED HEATING EQUIPMENT REBATE PROGRAM

Summary: A \$500/unit installed rebate (maximum 5 unit /gas account) is available for C&I natural gas customers who install low intensity infrared heating units

Eligible Equipment and Requirements:

- Natural gas, low intensity infrared heating units

ENERGY STAR®-LABELED THERMOSTAT REBATE PROGRAM

Summary: A \$25 per thermostat rebate (maximum 2 thermostats per account) is available for C&I natural gas customers who purchase and install an ENERGY STAR-qualified thermostat.

Eligible Equipment and Requirements:

- ENERGY STAR-labeled

HIGH EFFICIENCY FRYER, VAT FRYER or STEAMER REBATE PROGRAM

Summary: A \$1,000 per unit, high efficiency, gas-fired fryer or steamer rebate is available for C&I natural gas customers who purchase and install eligible equipment.

Eligible Equipment and Requirements:

- Eligible high-efficiency natural gas-fired fryers
- Eligible high-efficiency natural gas-fired large vat fryers
- Eligible high-efficiency natural gas-fired steamers

www.gasnetworks.com

COMMERCIAL AND INDUSTRIAL FINANCING PROGRAM

Summary: Berkshire Gas offers its commercial and industrial customers fixed-rate financing for energy-related improvements through an arrangement with Berkshire Bank.

Contact Information: Berkshire Bank 413-236-3290 or 800-773-5601. For a free program brochure, call 800-944-3212.

BUILDING OPERATOR CERTIFICATION PROGRAM

Contact Information:

Program Administrator, 206-292-4793 ext. 2 or <http://www.theboc.info/ne/index.html>

Summary: BOC consists of extensive classroom training, on-site studies, and a market-valued certification, and it is "fuel-blind," addressing electric, natural gas, oil, and water customers. Topics include Energy Conservation Techniques, HVAC Systems and Controls, Efficient Lighting Fundamentals, Maintenance and related codes, Indoor Air Quality, and Facility Electrical Systems. Offers BOC100 & BOC200 Series.
