

The Berkshire Gas Company

Residential Energy Efficiency Programs

How can Berkshire Gas Help You?

Berkshire Gas is taking steps to make our natural gas heating customers' homes more energy efficient. If you heat your home with natural gas, we will help pay for the installation of approved energy-saving measures that will increase your home's energy efficiency and save you money.

Program Approved Energy Savers...

- \$ Attic Insulation
- \$ Duct Insulation
- \$ Floor Insulation
- \$ Wall Insulation
- \$ Pipe Insulation
- \$ Clock Thermostats
- \$ Crawl Space Insulation
- \$ Instrumented Air Sealing

How Much Will Berkshire Contribute?

(Berkshire Gas Contribution Will Be Made Directly To Installation Contractor)
